

## TECHNICAL DATA SHEET

Dibromomethane | CAS 74-95-3

### 1. Product Identification

|                  |                                                                         |
|------------------|-------------------------------------------------------------------------|
| Product Name     | Dibromomethane                                                          |
| CAS Number       | 74-95-3                                                                 |
| Synonyms         | Methylene bromide, Methylene dibromide, CH <sub>2</sub> Br <sub>2</sub> |
| Category         | Solvent                                                                 |
| Available Grades | Technical/99%/LR                                                        |
| HSN Code         | 2903.21                                                                 |

### 2. Physical & Chemical Properties

|                   |              |
|-------------------|--------------|
| Molecular Formula | —            |
| Molecular Weight  | —            |
| Appearance        | Refer to TDS |
| Density           | N/A          |
| Boiling Point     | N/A          |
| Melting Point     | N/A          |
| Flash Point       | N/A          |
| Solubility        | N/A          |

### 3. Applications

• Chemical synthesis • Pharmaceutical synthesis • Extraction

### 4. Industries Served

Chemical, Pharma, Research

### 5. Packing & Supply

Standard industrial packing. Bulk and customised packing available on request. Export supply with full documentation (COA, MSDS, COO, Packing List).

Values are typical and given in good faith as a guide to product characteristics; they do not constitute a specification or guarantee. Refer to the batch COA for certified values.
