

## TECHNICAL DATA SHEET

Itaconic Acid | CAS 97-65-4

### 1. Product Identification

|                  |                                                                                   |
|------------------|-----------------------------------------------------------------------------------|
| Product Name     | Itaconic Acid                                                                     |
| CAS Number       | 97-65-4                                                                           |
| Synonyms         | Methylenesuccinic acid, 2-Methylidenebutanedioic acid, Propylenedicarboxylic acid |
| Category         | Acid                                                                              |
| Available Grades | Technical/99%/LR                                                                  |
| HSN Code         | 2917.14                                                                           |

### 2. Physical & Chemical Properties

|                   |              |
|-------------------|--------------|
| Molecular Formula | —            |
| Molecular Weight  | —            |
| Appearance        | Refer to TDS |
| Density           | N/A          |
| Boiling Point     | N/A          |
| Melting Point     | N/A          |
| Flash Point       | N/A          |
| Solubility        | N/A          |

### 3. Applications

• Polymer production • Chemical synthesis • Pharmaceutical

### 4. Industries Served

Chemical, Polymer, Pharma

### 5. Packing & Supply

Standard industrial packing. Bulk and customised packing available on request. Export supply with full documentation (COA, MSDS, COO, Packing List).

Values are typical and given in good faith as a guide to product characteristics; they do not constitute a specification or guarantee. Refer to the batch COA for certified values.
